Hello everyone,

As discussed on our last TCT teleconference, please see the attached PTM memo for usage in the Tuesday April 15 meeting with LWG. Kristine and I would ask for your input on the memo on a short timeframe—by next Wednesday such that we can prepare for final logistics for the meeting.

An associated component that we'll develop soon is the element of practicability/accessibility issues that we'll be putting together as a companion framework to guide how FS costing will proceed in the short term and the steps required for how design might proceed in the future.

Thanks and have a good weekend.
